

AT&T Innovation Center

1133 21st Street, NW
Suite 210
Washington, DC 20036
(202) 457-2240

Directions, From AT&T, 1900 Gallows Road, Vienna, VA:

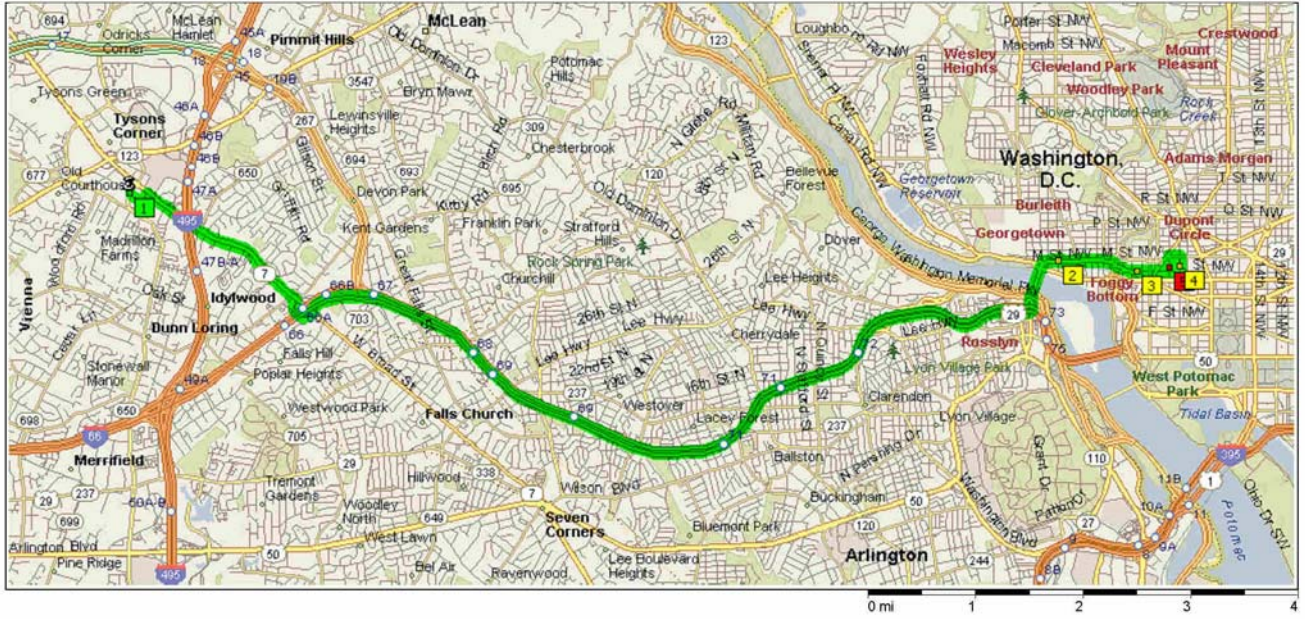

- Take Leesburg Pike (Rt. 7) EAST toward DC.
- Exit about 1.7 miles onto I-66 East (to Washington)
- Take Exit 73, toward Rosslyn/Key Bridge
- Turn LEFT onto the Key Bridge and move to the far right lane
- At the light at the end of the bridge, turn RIGHT onto M St.
- Continue on M St., through Georgetown passed the one gas station on the left (at this point you'll be bearing to the right onto Pennsylvania Ave.)
- At the 2nd light past the gas station make an ANGLED LEFT turn onto L street. The Columbia condominium construction project will stay on your left side.
- Continue to 20th street, and turn left (north)
- Continue to M street: turn left
- The next street is 21st street: turn left and go about ½ block to the parking garage in Lafayette Center (see details below).

The most convenient parking lot, operated by Interpark, is below our building and accessible from 21st Street. Between L&M street, turn left into the garage (there are two garages right next to each other - turn into the one in Lafayette Center, in the red brick building). Once you take a ticket and pass the attendant, immediately turn left, (there is a sign indicating Lafayette II/Galleria parking.) Once in this section of the garage, there are two sets of elevators - use the set that is for Lafayette II (NOT the Galleria). This set of elevators will be against the wall of the garage, not in the center. Take the elevator to the Innovation Center on the second floor.

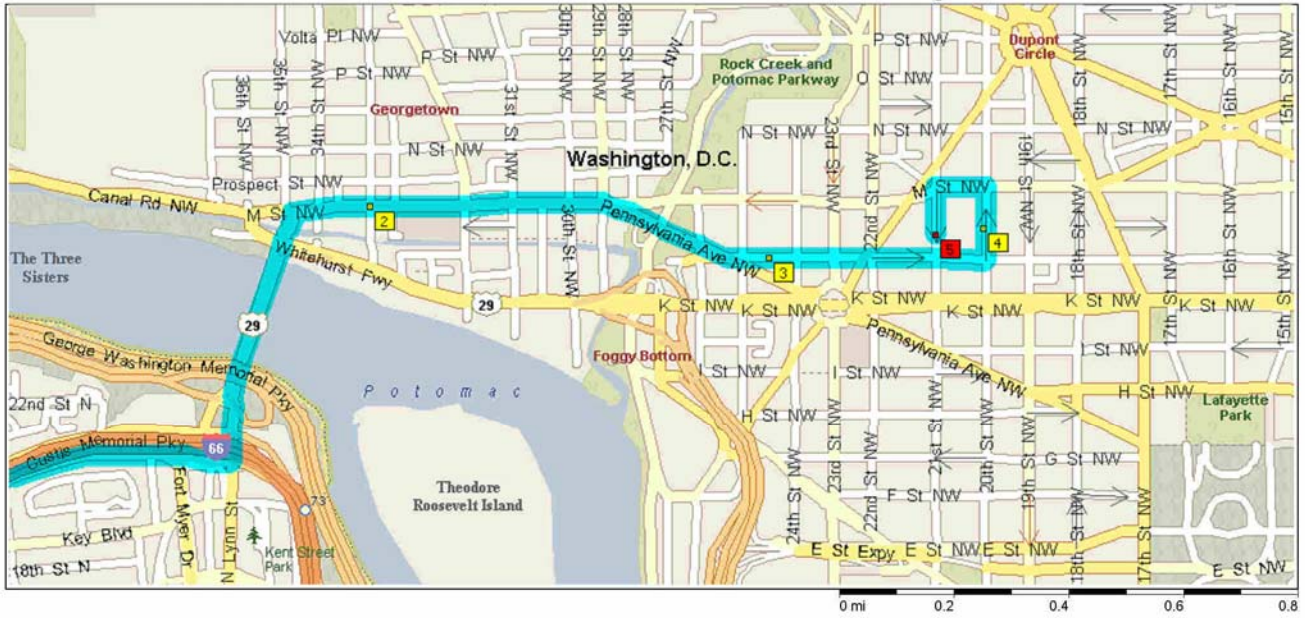

If 66 is not an option due to HOV restrictions:

- Take Rt. 7 EAST past 66 through the City of Falls Church
- Turn LEFT onto Washington St. (Lee Hwy, Rt. 29)
- Follow Lee Highway to the Key Bridge
- Turn Left onto the Key Bridge and follow directions above
