[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

A horizontal bar chart consisting of 20 black bars of varying lengths. The bars are arranged in a single column, with the longest bar in the middle and the shortest bars at the top and bottom. The lengths of the bars represent a distribution of data, with the longest bar in the middle and the shortest bars at the top and bottom.

[REDACTED]

The image displays a grid-based visualization, likely representing a game state or a data structure. The grid is composed of several rows and columns. The top section features a large black rectangular area on the left, followed by a series of black blocks of varying sizes. To the right of these, there are several green rectangular blocks of different dimensions. The bottom section is dominated by a large blue rectangular area on the left, with black blocks scattered to its right. The overall layout suggests a complex arrangement of elements, possibly related to a game or a data visualization.
