**Table B.6.9-3 Premises Wiring/Cabling – Provisioning Charges**

**Definitions**

**Level 1 Wiring Install:** A simple task that can be accomplished on the customer's premises in two hours and, for installs, includes up to 30 feet of up to CAT 5 type wire. The charges for Level 1 Wiring Installation only apply when the installation is not coincident with an SED installation.

**Wiring Cancellation:** Cancellation of a site visit within 72 hours of the scheduled visit. (Installation or maintenance)

**Level 2 Wiring Install:** Up to two hours of additional Inside Wire work, an extension of a Level 1 installation visit. If required, the service will include an additional 70 feet of wire up to CAT 5 type wire.

**Level 1 Wiring Maintenance Visit:** Restore inside wire service by dispatching personnel that are technically knowledgeable, qualified and trained to resolve problems. Level 1 is for a simple maintenance problem that can be solved within 2 hours.

**BB.5.3.1.1.2.5.4 Section B.6.10 Site Survey Prices**

**Table B.6.10-1 Site Survey Prices Definitions**

**Site Survey via phone call:** A simple survey requiring minimal information.

**Site Survey – Basic:** A site survey requiring a site visit. The results are presented in a simple spreadsheet.

**Site Survey – Complex:** A site survey requiring a site visit. The results are provided in a written quote, with documentation photos & drawings, as required.

**Site Survey – Cancellation:** Cancellation of a Basic or Complex Site Survey visit within 72 hours of the scheduled site visit.

#### **BB.5.3.1.1.2.5.4 Section B.6.10 Site Survey Prices**

##### ***Individual Case Number notes***

**Notes for Site Survey ICB CLIN, 0890960, Case # TBD:** This case number will be used to perform site surveys for Customs and Border Protection. These surveys will be conducted at 42 sites in Arizona, and two sites in New Mexico. The price associated with this case number represents a single site survey and will be used on a per site basis. The price associated with this case number only covers transportation to the physical sites up to 4X4 accessible roads. Transportation beyond 4X4 accessible roads must be provided by the customer. Prior to the installation of telecom equipment, these sites must be surveyed to determine the environmental impact (if any) of the telecom equipment.

The site surveys to be performed cover CBP's NEPA requirements for these 24 sites. Each site will be evaluated for five different types of screenings:

- NEPA Compliant (FCC Format)
- Threatened & Endangered Species
- Architectural & Historical
- Cultural Resource
- Biological

CBP will be provided with a Certified Digital Report outlining the survey findings for each site.
