**Product Description:**

The information contained within this Voluntary Product Accessibility Template (VPAT) is the result of a third-party, Level Access, performing an audit. The audit tested the compliance of the AT&T’s Government Platform (via the Business Center Portal), and Business Support Systems (BSS) applications in AT&T’s Government Center-EIS. The Government Center Portal and applications were assessed against the applicable requirements of Section 508 of the Rehabilitation Act of 1973 as Amended 1998. AT&T reported that the modules assessed in the audit represent the full features available in the Government Center-EIS application for Managed Trusted Internet Service users.

**Notes:**

**Evaluation Methods Used:**

The testing methodology performed included manual testing techniques such as keyboard-only testing, color contrast evaluation, and testing using the high contrast setting for users who have low vision. It also included assistive technology testing with ZoomText, a screen magnification software for people with low vision; Dragon NaturallySpeaking (Dragon), a voice recognition/speech to text software for users with limited mobility; and JAWS which is a screen reading software used by people who are visually impaired.

**Applicable Standards/Guidelines**

This report covers the degree of conformance for the following accessibility standard/guidelines:

## **Terms**

The terms used in the Conformance Level information are defined as follows:

- **Supports:** The functionality of the product has at least one method that meets the criterion without known defects or meets with equivalent facilitation.
- **Partially Supports:** Some functionality of the product does not meet the criterion.
- **Does Not Support:** The majority of product functionality does not meet the criterion.
- **Not Applicable:** The criterion is not relevant to the product.
- **Not Evaluated:** The product has not been evaluated against the criterion. This can be used only in WCAG 2.0 Level AAA.

## **WCAG 2.0 Report**

Tables 1 and 2 also document conformance with:

- Chapter 5 – 501.1 Scope, 504.2 Content Creation or Editing
- Chapter 6 – 602.3 Electronic Support Documentation

Note: When reporting on conformance with the WCAG 2.0 Success Criteria, they are scoped for full pages, complete processes, and accessibility-supported ways of using technology as documented in the [WCAG 2.0 Conformance Requirements](#).
